

Regular Monthly Meeting

This month we will join with the Gyrocopter Fly-in at 6PM for a picnic at the KPTW Flyer's Roost. Please join us for dinner, fellowship, and fun. \$6 for hamburgers and hotdogs.

There will be entertainment by a Jimmy Buffett sound alike and the band "Forgiven." Please bring a small appetizer or dessert to share, folding chairs, and a big appetite. You are invited to camp out after the picnic per the above invitation. For reservations, call Gene Poppel at 610-647-1332 by Tuesday the 11th.

Flyout

A Summer Jaunt into the Catskills

Nestled near the foothills of the Catskills, Orange County Airport (KMGJ), Montgomery, NY, features spacious runways in a delightful setting, with the cozy, tasty Culinary Creations to be our brunch venue.

Our August 30 flyout takes us over the ridges and forests of north Jersey lake country and into the cooler climate of New York State. It's a scenic 96 nm, with no need to deal with either Allentown (the route gets close) or New York airspace.

Orange County has been a favorite destination in the past. The new restaurant got raves when we went there last year, both for the food and the decadent candy counter. Breakfast is available until the 3 PM closing. It's also a perfect opportunity to practice some instrument approaches, with six approaches, including ILS, VOR, and RNAV/GPS.

We'll gather at Penn Airways at 1000 for 1030 takeoff. Bring a friend or bring a student pilot (or bring a friend who is a student pilot). Contact Gene Poppel at 610-647-1332 or genepoppel@comcast.net if you want a ride or have an available seat in

your plane if you want a ride or have an available seat in your plane. These flights can be used to give student pilots a chance to plan and follow a cross-country flight, without having to simultaneously fly the plane—a good step in their training.

From the Prez

Tim is on vacation for the summer. Expect him back in September.

From Mike

What great words: "We took care of it". Things get done at PAOP in different ways, they always have. We have great members who support us throughout the year, and we have great friends to PAOP in the local aviation community, in the Airport (Heritage), in EAA1250, The 99's, Fare Share, Fly Elite and others around our community.

This week (August 10th through 16th) we have Larry and the Gyro Copter Enthusiasts encamped and joining us for Dinner Friday (or we are joining them).

Next Month we have the biggest event of the year, The Fly-In Drive-In Pancake Breakfast. As always it's the first Sunday after Labor Day. As always it couldn't get done without our volunteers (both members and friends).

And that's where this article begins, with the words "We took Care of it". What is it we need? We have grass, we have a charcoal grill, we have propane barbecues, tables, benches, kitchen supplies, refrigerators, windows, screens, toilets etcetera, etcetera. When word went out looking for someone to sweep out our outdoor facilities (the Loo, water closet, toilet), two of our members responded and "took care of it". We even had a back up offer for the next morning, which wasn't needed.

On Saturday, September 12th, we will be looking for members, family and friends to show up for the annual set up day at the Flyers Roost. We can't do it without you. I'll be there at 8 a.m. along with our returning President Tim Drager to lead the setup, and run through what we need for the next mornings Breakfast. Set up is work, but it is done with friends and is always a good time. Starting at 8:00 allows us

to be completely done by 1:00 p.m. (or sooner if possible).

On Sunday, September 13th – We need your maximum effort to come out and be part of our annual fundraiser once again. We gather at 7:00 a.m. at the Roost. The local Civil Air Patrol will be there to help out, and Tim tells us there will be some Boy Scouts there to help us out as well. We have a lot of momentum going at PAOP; we are looking ahead to a good turnout for the 62nd Breakfast and a good time as well. Last year we fed 642 people (including volunteers) and this year we are hoping to go past 750 – That's what we are planning on so we won't run out.

So, while I am no longer the Prez, I have helped out while Tim and his family discovered American on the road. He'll be back before the breakfast and we should all thank the Executive Committee Members for the work they have been doing in leading the organization in his absence, and for all the work they will be doing on the 13th. I have cook hats for the cooking staff, now we just need someone to donate Safety Green t-shirts with pockets for the Safety team (call me)

Upcoming FAA Seminars

"Unmanned Aerial Vehicles"

Topic: UAS Legal and Rule Making Status, and Current FAA Policy

On Thursday, September 17, 2015 at 19:00

Location:

Delaware Air National Guard
2600 Spruance Drive
Theater Building
New Castle, DE 19720

Select Number:

EA1764178

Description:

UAS, Unmanned Aerial Systems or Drones are the aviation industry revolution of today. This Program will cover all current Regulatory, FAA Policy, and Laws related to Unmanned Aerial Systems in the United States, including critical proposed Rulemaking and FAA Policy for integration of UAS into the National Air Space, (NAS). As Unmanned Aerial Systems will affect everyone in the aviation industry, this program is a must for all aviation operators and organizations in the United States, including those individuals, operators or operations looking to actively fly Unmanned Aerial Systems in the National Air Space. Click on the link below and register TODAY.
